

# Introducing Light Summer

## INTRODUCTION:

The Light Summer palette is uplifting, buoyant, full-bodied, and serene.

## THE FEELING:

Imagine time enough to enjoy a long-awaited book on a worn-in lakefront dock of birch grey, and occasionally looking out to admire the glimmering aqua jewel in front of you; or the tranquility of floating in the scene depicted by Monet's "Waterlilies" while in a lightly weathered tin boat that is reflecting the painting's harmonious shades of pink, lavender, lilac, and gentle, watery blues; or the transcendence of experiencing the iconic, fleeting phenomenon of the blooming Japanese cherry blossoms along a still, serene canal mirroring soft pink petals and a clear blue sky.
